POOR ELLEN . . . poor Ellen Church. . . . Her oddly distorted philosophy was built from the ashes of her mother's disillusionment. . . . "It's better," her mother said, "to sit on the window-ledge and see the world pass by than to be a part of the crowd. . . . You're less likely to be hurt." . . . Ellen had seen in her mother's broken life the agony that may come from loving too deeply. . . . But love came to Ellen. . . . came swiftly and desperately . . . and her philosophy went crashing down all about her. . . . She couldn't help loving Anthony . . . but she could, she would . . . and she did, keep him from knowing that she loved him, even though they were man and wife. . . .
